

REF: Production Change #1586
TRANS: A518/A618
DATE: March 2, 2001

In order to update coverage of our A518/A618 kits through 2000, we have added the following components:

2 PC.	38112	Cooling line fitting (for V10 & diesel engine)
2 PC.	38012	Cooling line fitting (all exc. V10 & diesel engine)
1 PC.	13233	Solenoid gasket (A518 1997-2000)
1 PC.	12510	Solenoid gasket (A618 1997-2000)
1 PC.	31143	Neutral safety switch washer (retrofits)

Additionally, we now have new Master & Banner kits to fit 1998-2000 applications as the Front Clutch friction and steel plates have changed and 2 Pcs. additional of Overdrive/Direct steel are needed (NK2200W, NK2200WW/O).
