

REF: New Kit  
TRANS: A500 (42RE, 44RE)  
DATE: November 20, 2001

We have now released new kits for the 1999-00 A500 series. The Front (Direct) Clutch outer lip seal now installs to the drum (Internal Lip) rather than to the piston. New Peek® Input Shaft rings replace the Teflon version in earlier models:
