the problem solvers

AX4N, BROKEN COAST SERVO RETAINER CLIP

The Coast Servo Retainer Clip is broken many times when the vehicle arrives at the shop particularly on high mileage units . An upgraded clip made of a hardened 1040 steel is able to improve the durability and life of the unit. Precision International is happy to announce that this clip is available in our AX4N/4F50N kits, PI# 59285.

Precision International is a worldwide supplier of quality products for import and domestic automatic transmissions. As well as supplying an extensive aftermarket customer base, we also provide product to Original Equipment Manufacturers. Precision International is dedicated to providing the most up-to-date information available in the industry today.
